

CUSTOM CEDAR collection

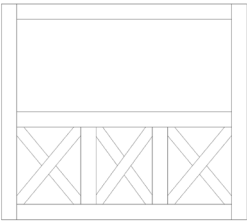

At a glance:

- Real western red cedar provides a natural warmth
- Vinyl-back insulation is included
- Designs range from simple to fully custom

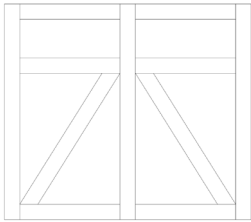

Handsome and handmade

Crafted from kiln-dried cedar, our Custom Cedar Collection of garage doors provide the elegance that only natural wood can. Each door is built on a metal base by our experienced in-house craftsmen, a process which takes several days and en-

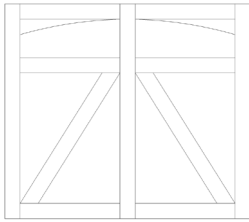

ures that your door is not only beautiful, but a lasting addition to your home. While we offer some “off-the-shelf” designs, we also are happy to work with our customers to design the custom cedar garage door of their dreams.
